About Greenpanel

Greenpanel is India's largest manufacturer of wood panels. MDF is our flagship product and we are the undisputed leader in the category. Our state-of-the-art manufacturing plants in Uttarakhand and Andhra Pradesh with an annual combined capacity of more than 500,000 cubic meters, produce world-class Medium Density Fibreboard (MDF) Pre-laminated MDF, Plywood, Decorative Veneers, Wood Floors and Doors. These are marketed and distributed through our robust network of over 3,000 dealers across the country.

Greenpanel Pre-laminated MDF

Greenpanel Pre-laminated MDF comes in a range of stylish, decorative designs in plain solid colours, wood grains and textured finishes. They are laminated with Melamine impregnated base papers under heat and pressure to give a smooth, decorative finish. Greenpanel Pre-laminated MDF boards offer maximum convenience as they are easy to maintain, resistant to stains and scratches and ready for installation.

These boards are resistant to moisture and climatic changes and hence are highly suitable for use where dimensional stability is an important factor.

Advantages of Greenpanel Pre-laminated MDF

MOULDING IMAGINATION

Shape your imagination with our exceptional range of Post-forming laminates. These laminates take any form you desire, while retaining all the properties of standard grade laminates and are ideal for use on vertical and horizontal surfaces where it is necessary to wrap the laminate in a simple radius around the edges in a curved form. They can also be bent without losing the grain or pattern.

GREENPANEL Post - forming laminates are available in the thickness of 0.6mm and in all the available shades of GREENPANEL Pre-laminated MDF board. With GREENPANEL you will never have to compromise on your aesthetics.
