

A modern living and kitchen interior featuring extensive use of wood veneer. The living area has a white sofa with orange cushions, a wooden coffee table, and a wall with horizontal wood veneer. The kitchen has dark wood veneer cabinets and a black countertop. The floor is made of light-colored wood veneer planks.

# GREENPANEL VENEERS

Greenpanel Veneers are thin sheets of hardwood, example, Burma Teak, Oak, Ebony, Eucalyptus, Elm and Ash Silver trees. They look and feel great as a top-layer on furniture and floors. Veneers can be applied on one or both sides of a surface. Greenpanel Veneers offer unlimited variety, and come in three product ranges: Teak Veneer, Natural Wood Veneer, and Spectrum Wood Veneer.

# NATURAL VENEER

Greenpanel Natural Veneers are made from hardwood sourced from all over the world. It comes in 125 variants across five ranges.

## **ICONIC**

We hand-pick natural veneers with the most distinctive patterns and remarkable colours.
